## Wedu Scholarships

Thank you for your interest in establishing a scholarship with Wedu! Creating a scholarship is one of the easiest ways to make an impact on the lives of young women in Asia. At Wedu, we believe that **investing in women's education not only empowers women, but also has a multiplier effect in improving the development of communities and countries as a whole.** Your scholarship will directly contribute to that effect by giving a young woman the opportunity to complete higher education and become a changemaker in her community.

### It's Easy!

At Wedu, we make establishing your scholarship simple and flexible -- you can even break down your gift into monthly installments. We understand that each of our donors have a unique set of interests, passions, and values that guide them to establish a scholarship. We make this process easy, so that your scholarship is awarded to a student with the same interests, selected from our pool of highly-talented and motivated young women in Asia with goals to create positive social change in their communities.

## Establishing a Named Scholarship

While supporting the future female leaders of Asia, scholarships can also honor those who have made a difference in your life. Naming a scholarship can pay tribute to a loved one, honor a family name, or highlight your organization. Each scholarship is unique and offers the option for customization based on your preferences.

Currently, we offer the opportunity to:

- Create and name your own annual scholarship. Annual scholarships are established with a minimum four-year commitment of \$1,000 or more.
  - \$2,500 and above (recommended) annual commitment
    - *Name the scholarship and designate scholarship focus, field of study (optional), and funding type.*
  - \$1,000- \$2,499 annual commitment
    - *Name the scholarship.*

## Giving to Existing Scholarships

You can also choose to donate any amount as a one-time or recurring gift to any of our existing scholarships:

- Donate any amount to the [Sujata Baskota Honor Scholarship Fund](#), Wedu's ongoing scholarship fund, created to honor the life of our Rising Star, Sujata, through scholarships for young women who have demonstrated outstanding leadership to study at a university in any country.
- Donate to one of our [existing scholarships](#).

## Donor Benefits

- The opportunity to **name a scholarship**
- **Sharing a story or intent** for your gift with the scholarship recipients
- **Quarterly updates** about scholarship recipients and their achievements
- **Featured recognition** on our scholarships webpage and social media (optional)
- **Access to peer-to-peer fundraising tools** if you would like to engage your network
- Invitations to our regular Wedu **community meetups and exclusive events.**
- **Tax benefits** when you establish your scholarship through our fiscal sponsor in the U.S., the [King Baudouin Foundation](#).

Thank you for considering creating a scholarship and investing in female leadership in Asia. Contact us at [info@weduglobal.org](mailto:info@weduglobal.org) to discuss how creating a scholarship at Wedu may best fit your charitable giving goals. We look forward to hearing from you!
